The proposed development represents the introduction of an intensive residential use in the form of an 8 bedroom, 10/12 person House in Multiple Occupation which is likely to result in harm to the living conditions of the existing adjoining neighbours and also harm to the living conditions of the future occupiers of the property by way of the following:</p> <ul style="list-style-type: none"> <li>• limited communal living accommodation within the proposed HMO and external</li> </ul>

		<p>amenity space;</p> <ul style="list-style-type: none"><li>• intensive use of the rear and side garden resulting in unacceptable noise and disturbance to neighbouring owner/occupiers at No's 35 and 39 Park Street; and</li><li>• increased activity in and around the property.</li></ul> <p>The proposed change of use would therefore not comply with Core Strategy CG4 and the harm caused would outweigh the limited benefit of bringing one dwelling house back into use.</p> <p>2. The proposed change of use would result in an over proliferation of a smaller unit type residential accommodation within the local area/Park Street area to the detriment of the character and appearance of the</p>
