### **86. CORPORATE STRATEGY AND FINANCE STRATEGIC BUDGET 2008/09**

The Director of Corporate Resources submitted a report which considered the 2008/09 Revenue Budget and Capital Programme for the Corporate Strategy & Finance portfolio and detailed recommended budget savings to be submitted to the Executive following revised financial guidance as agreed by the Executive at its meeting on 9<sup>th</sup> January, 2008.

The revised guidance now resulted in a savings target of £643,000 for the Corporate Strategy and Finance portfolio, which was £150,000 less than that originally advised, and the three central departments were continuing to explore opportunities for reviewing and revising business processes. Over the following two years further efficiencies would be examined relating to the major processing areas such as

Taxation & Benefits, Customer Services, Financial Services, the Human Resources Shared Services and future Shared Services.

The Portfolio's proposed 2008/09 to 2010/11 Capital Programme was set out in Appendix E. The revenue consequences of this programme were included within the 2008/09 Original Budget.
