Whereupon the motion was declared carried and it was specifically Resolved -

That the licence to drive private hire vehicles be revoked on the basis that the Committee is not satisfied that the driver is a fit and proper person to hold a licence.

The Sub-Committee also took account of –

- The conviction on 25<sup>th</sup> march, 2019 of Plying for Hire without Hackney Carriage Proprietor's Licence and using a vehicle uninsured against third party risks;
- Matters around the Council's Statement of Fitness and Suitability in relation to Major Traffic Offences and that a person with such a conviction, which is less than three years old, would normally have their licence revoked;

- The driver had failed to declare the then non-conviction in accordance with the conditions of his licence in 2017 and on 1<sup>st</sup> April, 2019 the driver brought the allegation and subsequent prosecution to the attention of the licensing team; and
- The driver stated he was poorly represented at the trial hearing. He did not agree with the courts decision but could not afford to appeal to the Crown Court.

Members of the public and in particular, the elderly, infirm and children or vulnerable adults entrust their personal safety and wellbeing to private hire drivers whenever they take a journey. Passengers often travel alone and are vulnerable to inappropriate behaviour.

The Committee's primary duty is of concern for the safety and well-being of the public.

There is therefore reasonable cause to revoke the private hire drivers licence.
