14. MINUTES OF THE LAST MEETING

The minutes of the proceedings of the meeting of the Sub-Committee held on 4th November, 2015 were submitted and signed as a correct record.

15. EXCLUSION OF PRESS AND PUBLIC

Resolved – That, under Section 100A(4) of the Local Government Act 1972, the public be excluded from the meeting for the following items of business on the grounds that it involves the likely disclosure of exempt information as specified in paragraph 3 (financial and business affairs) of Part 1 of Schedule 12A to the Act; and that it be deemed that, in all the circumstances of the case, the public interest in its exemption outweighs the public interest in its disclosure.

16. MISCONDUCT BY LICENSED PRIVATE HIRE DRIVER LER/SC/01/16

The Director of Environmental Services submitted a report which provided details of a driver who had been convicted of offences during the period of his licence.

The driver attended the meeting.

Resolved – (i) That in respect of report numbered LERSC/01/16 the licence to drive a private hire vehicle be

revoked on the basis that the Sub-Committee are not satisfied that he is a fit and proper person to hold a licence at this time.

In coming to its decision the Sub-Committee was mindful of its duty to protect the public and the offence from September, 2014 (relating to a road traffic accident in June 2014) of failing to give information as to the identity of the driver is a serious traffic offence under the Council's policy. Drivers have a duty to adhere to the law at all times.

The Sub-Committee are satisfied that at the time of the accident the driver was the keeper of the vehicle. The driver also pleaded guilty to the offence in court.

The Sub-Committee did not find the driver's evidence in terms of the fact that at the time of the incident he was not the owner of the vehicle and did not accept the driver's claim that the court had made an error which led to his conviction. The Sub-Committee accepted the evidence contained in the police statement which was corroborated by the family of the former owner of the car that the vehicle was sold to the driver on 27th May, 2014.

Drivers are placed in a position of trust and the driver has been found to be dishonest. The Sub-Committee considered that the driver's maintenance of his innocence in relation to the offence to be unsustainable against the weight of evidence.

The Driver would continue to work in an unsupervised environment which causes the Sub-Committee great concern.

The driver also failed to declare the offence in accordance with the conditions of his licence.

The Sub-Committee disregarded the driver's personal circumstances as these were an irrelevant consideration in determining the outcome of the case.

There is therefore reasonable cause to revoke the licence.
