## 1. **INTRODUCTION & BACKGROUND**

- 1.1 In Quarter 1 2018/19, the Directorate of Place introduced a new concept in its performance reporting. This dashboard style data style approach was introduced:
- to report on the highest-level indicators pertinent to Bolton 2030 and linked in to the GM approach.
  - to provide the potential for the Directorate to evolve this dashboard to a web-based interface.
- 1.2 The dashboard is not split across portfolios but is currently aligned with the Bolton Vision Place Priorities and includes a bubble chart which indicates which Vision Theme, GM Priority and Place priority the indicator relates.

## 2. **PROPOSED PROGRAMME OF CHANGE**

- 2.1 It was always acknowledged that the dashboard was the final layer of the performance management approach for the Directorate of Place. This top-down introduction has required a shift in thinking, particularly as the supporting information, projects, feel good stories etc. were historically reported in a narrative in the performance report.
- 2.2 During the performance year 2018/19, the Directorate Leadership Team (DLT) has worked to delineate what its overarching themes and top-level priorities for 2019/21. Other directorates have undertaken a similar process in order to develop the 2019/21 Corporate Plan for the Council.
- 2.3 Within the Corporate Plan 2019/21 for the Council, the directorate of Place has 3 specific priorities:
- Lead on the development of a more clean and green borough
  - Deliver on key regeneration areas across the borough, including housing
  - Lead a prioritised approach to asset management across the organisation
- 2.4 A 2019/21 Directorate Plan is being finalised which details the Directorate's 4 priority themes and 7 overarching priorities for 2019/21. 27 portfolio priorities have been identified which specifically link in.

### **Priority Theme 1: Business Resilience**

**Aim:** Develop and deliver the necessary business infrastructure to enable the directorate to be well led, supporting the delivery of quality front-line services.

#### **2019/21 Priority Objective 1:**

- To deliver effective, sustainable front-line services whilst continually reviewing and responding to internal and external factors.

### **Priority Theme 2: Connected Neighbourhoods**

**Aim:** Create attractive well-connected places to live and work by building strong communities, where people feel safe and engaged.

#### **2019/21 Priority Objectives 2 and 3:**

- To review Directorate led engagement frameworks.
- To enable, develop and deliver connectivity (both transport and digital) across Bolton.

### Priority Theme 3: Sustainable Assets

**Aim:** Protect Bolton's physical assets and environment, providing a safe and connected borough with places to live, work, study, visit and socialise.

#### 2019/21 Priority Objectives 4 and 5:

- To lead on the development of the necessary strategies, policies and structures which will support the Vision partners to drive sustainable, co-ordinated and effective approaches to their business and the environment in Bolton.
- To lead a prioritised approach to asset management and sustainability across Bolton Council & the Vision partners

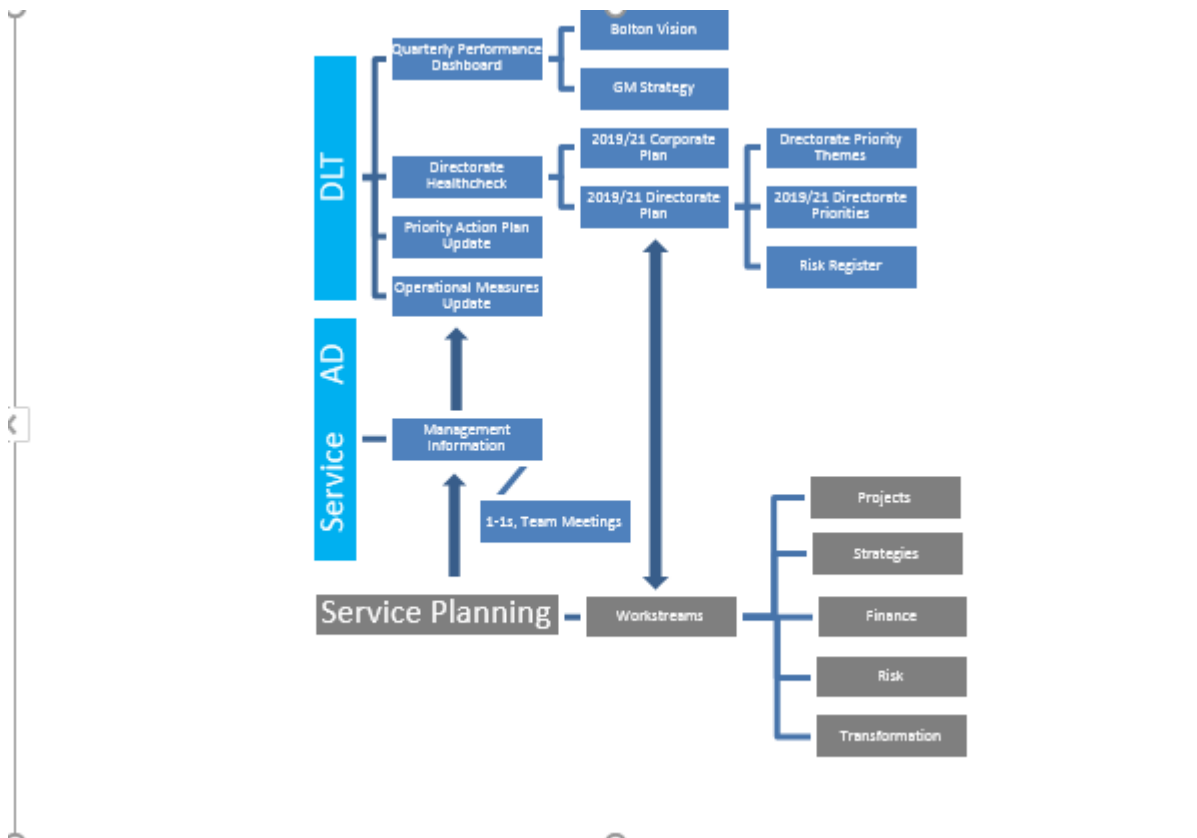

### Priority Theme 4: Growth and Innovation

**Aim:** Unlock the potential to grow the local economy, create stability and prosperity and to maximise opportunities to safeguard our long-term viability

#### 2019/21 Priority Objectives 6 and 7:

- To achieve sustainable, inclusive economic growth for the borough and ensuring that Bolton residents and businesses benefit.
- To develop new opportunities for Bolton's cultural offer to support and enhance the economy and local communities.

2.5 The Directorate approach is based on a hierarchy of information and levels of reporting and if needs-be, escalation. The diagram below provides a picture for DLT and Members showing how this approach links together.

- 2.6 This new performance management approach gives the opportunity for further thinking about the audience and governance of information and strategies. For example:
- informal service planning takes place all the time in services – and it is proposed to draw up a template to be used in 1-1s a service manager/Head of Service levels, so that information can be captured, rather than introducing at this time a formal service planning process.
  - Interesting items previously reported via performance could be scheduled on Members informal briefings at relevant times.
- 2.7 In performance year 2018/19, the Directorate has delineated its priorities and written its 2019/21 Directorate Plan. The Directorate is now working to produce supporting performance information to provide assurance to DLT and Members which will consist of:
- A Directorate Healthcheck which will incorporate information on budgets, savings, workforce and risk.
  - Quarterly Priority Action Plan Update which will update on specific priority areas of work.
  - Operational Measures Updates which will provide an overview of what's happening within services.
- 2.8 Work will take place to start the production of the Directorate Healthcheck, Priority Action Plan Update and Operational Measures Updates from Quarter 2, 2019/21.

### **3. PERFORMANCE DASHBOARDS**

- 3.1 The Quarter 1 2019/2020 performance dashboard for the Directorate of Place can be found at Appendix A.
- 3.2 A copy of the Quarter 4, 2018/19 performance dashboard for the Directorate of Place can be found at Appendix B. This dashboard has been appended for information for new administration portfolio holders.

### **4. OPTIONS**

- 4.1 Not Applicable

### **5. IMPACTS AND IMPLICATIONS:**

- 5.1 Financial - None
- 5.2 Legal - None
- 5.3 HR - None

## **6. EQUALITY IMPACT ASSESSMENT (EIA)**

- 6.1 This report does not require an EIA. At this stage it is not anticipated that the proposals will have a disproportionate impact on any of Bolton's diversity groups.

## **7. CONSULTATION**

- 7.1 Not Applicable

## **8. VISION2030**

- 8.1 The Place Directorate Performance Dashboard It is aligned to Place Directorate Priorities, Bolton Vision Themes and the Greater Manchester Strategy Priorities. Each indicator includes a bubble chart which details which Place Directorate Priority (ies), Bolton Vision Theme(s) and GM Strategy Priority (ies) the indicator relates.
- 8.2 Furthermore, the dashboard is reported using the Bolton Vision Place Priorities:
- Vision Place Priority: Creating jobs and attracting new investment
  - Vision Place Priority: Create a workforce responsive to demand
  - Vision Place Priority: Provide Quality Housing
  - Vision Place Priority: Create a strong and distinctive place
  - Vision Place Priority: Places and neighbourhoods which people are proud of
  - Vision Place Priority: Create a safe and welcoming Bolton
  - Vision Place Priority: Create a well-connected Bolton
  - Vision Place Priority: Provide joined-up services

## **9. RECOMMENDATION**

- 9.1 The Executive Cabinet Member is recommended to note the proposed programme of change in performance reporting for the Directorate of Place and the Quarter 1, 2019/20 dashboard. The Quarter 4, 2018/19 dashboard is appended for information.
