Variance analysis

The financial position of the portfolio and details of any significant variances are given in Appendix A.

The year end financial position of the Directorate of Place at quarter three is projected to be an overspend of £65k against budget, after planned reserve movments.

3 Saving and efficiency 2017/19 reductions

In setting the Strategic Budget for the year, the Directorate of Place was required to implement £2.8m of saving and efficiency reductions. £2.353m of this target had been achieved by the close of the 2017/18 financial year to leave £447k outstanding. The remaining target of £447 is made up of:

- £192k within Neighbourhood Management (approved at Council on 23rd January 2019)
- £255k cross-cutting across the Directorate of Place.

Action is being taken to implement the reductions and ongoing monitoring of expenditure against specific options has been incorporated into the financial monitoring.

Due to the recent chief officer changes, it is proposed that the senior management review with a target of £255k be transferred to the 2019/21 programme. The in year shortfall can be met by the removal of cash limited budgets.

Table Three below provides details of the approved options. All of the approved options are projected to be achieved.

4 **Capital Programme**

Total capital expenditure at quarter three for the Directorate of Place is £43.7M against a revised guarter 3 allocation of £62.4M. It should be noted that a significant proportion of the capital budget sits under the Deputy Leader Porfolio relating to the Town Centre Masterplan investment. The programme currently contains allocations for a number of large property transactions if these do not take place before the end of March the budget will be carried over into 2019/20.

Details of any capital approvals held by this portfolio are included in Appendix A.

4.1 In year movements

The capital programme of the Directorate of Place, had approvals totaling £86.908M. This comprises of:

- the original approval of £77.423M in the capital programme report to Council on 21st February 2018,
- £6.307M brought forward from the residual 2017/18 programme
- an additional £6.484M of funding programmed since the capital programme report • of February 2018.

Of these approvals £27.661M are currently forecast to be carried forward into 2018/19 for schemes profiled to complete in 2019/20. £128k has been transferred to the Directorate of People.

Table Four – Directorate of Place Reserves Position - 2018/19 Quarter 3

After the projected use of reserves of £4,609,453 during 2018/19, the closing balance at 31 March 2019 would be £10,196,500.

The projected year-end balance is expected to be £3.38m, however 100% of these reserves are allocated for specific projects.

Detailed reserve tables for Environmental Services Portfolio can be found in Appendix B.

6 Risk areas

During the year a number of financial risks have been identified for the Directorate of Place.

6.1 Levels of Income Built into the budget

Assumptions have been made when compiling the budget. Income levels have been based on trend analysis, actual income received and service specific knowledge. There is a risk, due to the present economic climate, that budgeted income levels may not be achieved.

6.2 Loss of Trading Services Contracts

Within the services provided by the Directorate of Place there are a number of trading accounts. Some of the service areas, such as Building Cleaning are seeing an increase in the number of contracts not being renewed. The levels of losses are currently manageable within the directorate's overall resources however, this is being closely monitored.

6.3 Asset Management

The Directorate of Place is responsible for a large number of assets. The directorate is continually reviewing its health and safety responsibilities and managing the portfolio. The costs of this are currently being met by directorate resources.

6.4 Brexit

At this point it is unknown as to how the Brexit arrangements will impact the financial position of the Directorate. However, work is being undertaken to assess the risk.

6.5 Energy costs

Due to the nature of the services delivered by the Directorate of Place, slight changes in energy prices, can have a material effect. In 2018/19, the increase of the unit cost of energy has meant that the highways budget is overspent, this can currently be managed within the overall directorate's financial resources.

7 Conclusions and recommendations

This report has provided information relating to the financial position at quarter three, projected outturn for the Environmental Services portfolio, within the Directorate of Place, for the 2018/19 financial year.

It is recommended that the Executive Cabinet Member:

- Note the quarter three financial position of the Environmental Services portfolio.
- Approves revisions made to the capital programme for the Environmental Services portfolio at quarter three, as set out in section 4 and Appendix A of the report.
- Approve the realigned savings contained within section 3
- Authorise the Director of Place to call off under any available framework(s) to enable the capital programme to progress for schemes under the limit of £300k.
