Feedback to Astley Bridge Area Forum on Wednesday 23rd July 2014			
No	Issue	Department	Response
1	What is happening regarding the management of vehicular access to Smithills Hall Farm?	Corporate Services	The tenant farmer, at his instigation, has agreed to procure an alternative bridge rebuilding scheme. He has appointed a bridge engineer and a revised scheme is awaited for consideration. The tenant will submit this scheme for consideration as soon as reasonably possible. The site of the bridge may be transferred to the tenant farmer under this scenario. The width restriction for vehicles will remain on the bridge for safety reasons and will not be removed until a new bridge is in place.
2	The footpath from Smithills Hall Farm to Belmont Road needs clearing and cleaning up, can this be pursued?	Env Services	This footpath was inspected in April 2014 and found to be clear and free from obstruction, drainage works and surface treatments have recently been completed.
3	Can the blocked gully outside Nos 90 to 100 Broad O'th Lane be cleared? It has caused flooding at this location	Env Services	The location has been inspected and it is hoped that the issue can be resolved as soon as possible within current street cleansing schedules.

4	Can the trees at the Oaks Primary School backing onto Lakenheath Close be trimmed back?	Env Services	The ownership of the trees has been confirmed. Any further action will be subject to negotiations between the owner and residents in Lakenheath Close.
5	Can traffic congestion on Sharples Hall Lane/Thornham Drive at school drop-off and pick-up times be resolved?	Env Services	This issue would be monitored by Highways Services
6	Can shrubs overgrowing the footway on Hill View Road be cut back? They are causing an obstruction.	Env Services	The issue is being pursued by Environmental Services
