9. Questions/Comments under Standing Order 9(a)					
3 rd March, 2021	Council Summons	Question to the Leader of the Council (Councillor Greenhalgh)	Councillor Hornby	Leaving the European Union	<p>The last 12 months have been challenging to say the least and we owe a great deal of thanks for the hard work that is taking place from this Council and our partners in health especially behind the scenes. The speed and professionalism has far exceeded its expectation as we see the infection rates across the Borough dropping and we can see a light at the end of the tunnel at long last and some normality is starting to take place.</p> <p>Does the Leader agree with me that if anyone ever had any doubt about leaving the EU was the right thing to do or not, the EUs handling of the vaccine roll out was proof that we made the right decision?</p>
11 th	Council	Question to the	Councillor	Road Surfacing	We have had a road resurfacing problem in the ward

March, 2021 18:39 pm	Summons	Leader of the Council (Councillor Greenhalgh)	Evans	on Park Road, Little Lever	for more than two years according to verbal reports, the location is Park Road Little Lever. As a result of being contacted by a resident I became involved around 3 weeks ago.
Date and Time 2021	Page and Item Number	Amendment Motion, Question Or Comment	In the name of	Subject	Motion, Amendment or Question
					<p>Immediately pushing for a site meeting with contractors, the area co-ordinators then advised me this had been going on for a number of years with two other ward councillors.</p> <p>During that site meeting it became obvious neither side was making progress. This is unacceptable.</p> <p>The background to this is that there was a new housing development and part of that process was agreed resurfacing work on Park Road.</p> <p>The difficulty arose when there was a dispute between the council and contractors and who agreed what in relation to the road as part of a planning process. This dispute has lasted over two years. The issue cuts across highways and planning. For efficiency I put the question to the leader of the council.</p> <p>Going forward I am seeking a commitment through policy development group meeting - to put together an effective policy to prevent such obstacles arising where confusion causes hardship to residents</p>
12 th March,	Council Summons	Question to the Leader of the Council	Councillor Peel	Cycle Lane on Chorley New	A story appeared in the Bolton News on 10th March in relation to Cllr Andy Morgan persuading the

2021 13:36 pm		(Councillor Greenhalgh)		Road	Council to stop cycle lane works on Chorley New Road, until a full public consultation had been carried out.
Date and Time 2021	Page and Item Number	Amendment Motion, Question Or Comment	In the name of	Subject	Motion, Amendment or Question
					<p>Upon further research, it appears to be the case that no formal decision making process has been carried out, with no minuted meeting either of the Cabinet or the Executive Cabinet Member for Highways and Transport. It appears to be the case that the works were authorised informally by the Cabinet following consultation with Councillors representing affected wards.</p> <p>Can the Leader therefore answer the following questions clearly:</p> <ol style="list-style-type: none"> 1. Why was there not a formal decision making meeting held to approve these works? These meetings are held in the presence of opposition councillors and are minuted for the public to see. Does the Leader agree that this is hardly a good example of transparent and open decision making? 2. Why was public consultation not carried out in the first place, before works commenced? 3. Was Cllr Morgan consulted, as a Councillor for an affected ward? If so, what was his response? 4. If the new public consultation goes against the existing scheme that is in place on Chorley New Road, will the Leader arrange to have the cycle lane facilities removed, and will he inform council of what this will cost.

					5. If current works are to be removed, would the Leader concede that this would represent a disgraceful and incompetent waste of scarce public money.
Date and Time 2021	Page and Item Number	Amendment Motion, Question Or Comment	In the name of	Subject	Motion, Amendment or Question
					6. The funding for the cycle schemes have come from the GM Active Travel Fund to encourage cycling and walking. Cllr Morgan stated in the report that “given the current state of the road, people have asked why could the money from GM not be spent on it – and it is hard to argue with that.” Therefore can the Leader confirm to Council what the Active Travel Fund can be spent on what it can’t be spent on?
12 th March, 2021 16:01 pm	Council Summons	Question to the Leader of the Council (Councillor Greenhalgh)	Councillor Murray	CSE Training for Members	<p>Leader will note that in January 2020, the Council unanimously passed a resolution that all members must undertake annual mandatory training in both CSE and their roles as Corporate Parents. Council further resolved that untrained members cannot sit on Licensing Committee, Children’s and Adults Scrutiny Committee, Cabinet, nor any PDG or other body that could feasibly deal with children’s issues</p> <p>I accept that officer capacity has been impacted by the pandemic, but the Leader will also note that the ability to do online training has been made much easier with the new technology that we all now use. Will the Leader therefore please inform council as to when this mandatory training will commence.</p>

12 th March, 2021 16:07 pm	Council Summons	Question to the Executive Cabinet Member for Environmental Regulatory Services (Councillor Mrs. Fairclough)	Councillor McKeon	Licensing Sub-Committees	<p>At a meeting of the Constitutional Panel on the 3rd March, members were informed of a proposal to disband the 2 sub committees of licensing and that their work be absorbed into the wider committee.</p> <p>The Leader of the Labour Group, Cllr Peel, contacted the Executive Member, Cllr Fairclough (and copied in Cllr Greenhalgh, and senior officers) to express the concerns of the Labour Group in relation to the Sensitive Cases Sub Committee. Cllr Peel asked that no change be made until there had been an all-party discussion on the proposals. The response of the Executive Member to Cllr Peel was “we don’t want the end of sub committees either but we have been told we have no choice with political balance.” Cllr Peel replied to say “It sounds like there is a clear majority against this move then. I don’t accept that we have no choice. The main reason for the smaller sub committees was to make it much easier on the witnesses, as well as the accused. I can’t believe this very important issue is less important than a committee formula. There must be a way through this and we will support you all the way in challenging this.”</p> <p>In view of the joint statements against this move by both the Executive Cabinet Member and the Leader of the Opposition, can Cllr Fairclough now assure Council that no changes will be made, and a meeting be held to discuss a sensible way forward?</p>

14 th March, 2021 10:19 a.m.	Council Summons	Question to the Leader of the Council (Councillor Greenhalgh)	Councillor Donaghy	Neighbourhood Management Spend	<p>In 2019, prior to and after coming to power, the Conservative Group said it would commit to openness and transparency by publishing a detailed breakdown of Neighbourhood Management spend from 2013. A link to a document, dated July 2019, appeared online along with the narrative “the council is publishing this information as part of its commitment to transparency.”</p> <p>The document however does not show information on Neighbourhood Management in the following areas – Brightmet, Tonge, Hulton Lane, Washacre and Johnson Fold. The NM Budgets in these geographical areas were managed by Bolton at Home on behalf of the Council, but the budgets and the details of the spend remained the Councils property, and the council has a record of the spend, as approved by local members.</p> <p>The Council has never needed to obtain the permission of Bolton at Home to publish its own figures, yet in 2019, despite having the information itself, the Council requested information on the Brightmet NM spend from Bolton at Home, which Bolton at Home kindly (but unnecessarily) supplied. This information was never published by the Council.</p> <p>Can the Leader answer the following questions:</p> <p>1. The council has records going back to 2016 of all NM spends in Bolton, so why has the Council still not published the full details of all of the NM budgets as it said it would</p>

					<p>2. Why, when the Council already had the information, did it feel the need in 2019 to seek the details of the Brightmet NM spend from Bolton at Home, but ignored every other geographical area?</p> <p>3. Why, even when the council received this information on Brightmet, did it not publish the details?</p> <p>4. The Leader is fully aware that the deliberate non publishing of this important information led to some people concluding that there must somehow be something to hide, yet he still did nothing to change this perception. Has the Leader been complicit in this deliberate deception of the people of Bolton for electoral purposes, and will the Leader instigate a full independent enquiry into the action of all of those involved with this withholding of information.</p>
14 th March, 2021 10:30 a.m.	Council Summons	Question to the Executive Cabinet Member Deputy Leader's Portfolio (Councillor Cox)	Councillor Gibbon	Land off Park Road in Little Lever	Quite a number of years ago a very controversial planning application was submitted to build Housing Association properties on a piece of Council land off Park Road in Little Lever, it was not popular with the local residents. Unfortunately this land had been added in the allocations plan approved by the Labour administration in December 2014 and so few grounds for refusal could be argued and a refusal would have undoubtedly meant the Council would lose on appeal.

					<p>Several public meetings took place in the community that officers from this Council, Great Places and Galliford Try the then contractor attended to listen to the concerns and act on the concerns that local residents had to ease the tension and frustration they had.</p> <p>A further public meeting took place before the road was to have new drainage installed across the frontage again assurances were given that the road would be completely resurfaced once the new drainage was installed which the residents agreed with.</p> <p>3 years ahead of this and over 2 years since the Great Places properties have been let by the Housing Association the roadway is still un-finished along with parts of the Pavements and Vistry Partnership who have taken over the Galliford Try company are reneging on their original agreement despite pressure from myself and Cllr Hornby throughout the 3 years and now in the last month Cllr Evans has also been approached and got involved.</p> <p>To get this stretch of roadway to now be resurfaced to a standard which we would expect we are left with little alternative than to use our remaining highways allocation from last year to bring it to the standard it was at before.</p>

					Would the Executive Cabinet Member therefore agree to set up a PDG and use this case along with other similar cases as a starting point to discuss ways in which we tighten up the agreements more and stop developers from backing down on agreements and that officers take into account discussions that take place between developers and residents and when they agree to do something it is properly written into the agreement.
14 th March, 2021 10:49 a.m.	Council Summons	Question to the Executive Cabinet Member for Environmental Regulatory Services (Councillor Mrs. Fairclough)	Councillor Dean	Thanks to traders and staff at Bolton Market	<p>Would the Executive Cabinet Member join me in thanking the traders and staff at Bolton Market for the way in which they have provided a great service during these difficult times because of the pandemic.</p> <p>The free parking, robust customer safety and home delivery services of fresh produce have provided our towns residents with an first class service.</p>
15 th March, 2021 01:50 a.m.	Council Summons	Question to the Leader of the Council (Councillor Greenhalgh)	Councillor Connor	Vaccination Centres	Having volunteered at the first Vaccination Centre that opened in Bolton from the very first week, and seeing first hand this incredible National and local vaccine roll-out, will the Leader join me in thanking all the front line staff, Council staff and volunteers who have all contributed to this magnificent effort that saw us last week pass the milestone of vaccinating over 100,000 of our residents.

15 th March, 2020 04:45 a.m.	Council Summons	Question to the Executive Cabinet Member for Highways and Transport (Councillor Haslam)	Councillor Veevers	Barrow Bridge Road	<p>The Executive Cabinet Member will be aware that a serious collapse of the retaining wall has led to the closure of Barrow Bridge Road to all vehicles since August last year causing considerable inconvenience to residents. This is the second complete closure needed in recent years.</p> <p>The Executive Cabinet Member will also be aware that other areas of potential collapse have since been identified, meaning the whole retaining wall needs reconstruction. I understand that a comprehensive scheme has been prepared for doing this.</p> <p>Can the Executive Cabinet Member please assure residents that work will start at an early date, using some of the Council's Reserves if necessary?</p> <p>Can he also confirm my view that years of chronic underfunding by Government is one major reason for the poor condition of this road and the considerable inconvenience suffered by residents?</p>
15 th March, 2021 04:45 a.m.	Council Summons	Question to the Executive Cabinet Member Environmental Service Delivery (Councillor Warren)	Councillor McGeown	Bin Collection Service	<p>Will the Executive Cabinet Member apologise to the many residents of Bolton who are currently receiving an appalling bin collection service?</p> <p>As vehicle breakdown are likely to be a major cause of the problems, will she also inform Council whether the bin collection vehicles are purchased or leased, and whether this will remain the policy when the current vehicles are replaced?</p>

15 th March, 2021 04:45 a.m.	Council Summons	Question to the Executive Cabinet Member Deputy Leader (Councillor Cox)	Councillor Wilkinson	Government's Towns Fund	<p>The announcement that Bolton has been awarded £22.9 million from the Government's Towns Fund is very welcome.</p> <p>In furtherance of paragraph 4 of the Liberal Democrat amendment to the Budget that was approved and supported by his Group, will he urgently investigate whether this will allow an equivalent amount of the £100 million loan taken out to stimulate regeneration of town centres in the Borough to be used to improve the terrible state of many residential roads in the Borough in the same way that the £12 million was this financial year?</p>

15 th March, 2021 04:45 a.m.	Council Summons	Question to the Leader of the Council (Councillor Greenhalgh)	Councillor Hayes	Funding Cuts	<p>The Leader will recall that paragraph 6 of the Liberal Democrat amendment to the Budget which was passed by Council, and which his own Group supported, committed Council to conveying our strong concerns about funding cuts ‘in the strongest possible terms to the Prime Minister, the Secretary of State for Housing, Communities and Local Government, the Local Government Association and the Borough’s Members of Parliament.’</p> <p>Can the Leader explain when and how this will be done, and will he please ensure that all political Groups have an opportunity to be involved? Will he also offer the opportunity to the Labour Group, even though they voted against doing this on the assumption that they may have ‘miss voted’?</p>
15 th March, 2021 08:57 a.m.	Council Summons	Question to the Leader of the Council (Councillor Greenhalgh)	Councillor Newall	Reclaim the Night vigils	<p>In 1980 I took part in "Reclaim The Night" vigils during the time of the Yorkshire Ripper Murders, when women all over the north of England were terrified of being on their own and becoming the next victim of this madman. Some of the wisdom of the day suggested a night time curfew for women to keep them safe. Many of us suggested that if anyone should be kept off the street it should be those with murder in mind and not their victims. Fast forward 41 years and women are still unsafe on our streets. The tragic events of last week when yet another innocent woman lost her life was bad enough but to see the scenes at the Clapham Common Vigil last Saturday night only added insult</p>

					to injury. I cannot imagine what Sarah Everard's family must have felt watching this tribute to their girl being trashed by a heavy handed police response. We are supposed to police by consent in this country, these scenes were shocking, out of all proportion to the events and should not be repeated. With this in mind, may I ask the Leader to ensure that should such a vigil be organised by a Women's Group in Bolton that he will communicate to GM Police senior command that these tactics are not welcome on the streets of Bolton and that Council write to the Home Secretary proposing that misogyny be added to the list of hate crimes.
15 th March, 2021 09:36 a.m.	Council Summons	Question to the Executive Cabinet Member for Wellbeing (Councillor Baines)	Councillor Cunningham	The Royal Bolton Hospital	The current Covid Pandemic has served to further highlight the amazing work being undertaken at our local hospital, The Royal Bolton. However, the pressures placed on staff, in responding to the ordinary and the extra-ordinary workload in their care of the sick, has revealed salient issues regarding the actual hospital estate and its buildings. The hospital is dated, going back to 1814 and many areas of it need modernising so as to respond to the changing needs of patients. The people of Bolton deserve the highest level of healthcare. Could the Executive Cabinet Member please give council an update into Bolton's bid for a new hospital?

15 th March, 2021 09:50 a.m.	Council Summons	Question to the Leader of the Council (Councillor Greenhalgh)	Councillor Ismail	Genocide, Torture and Human Rights	<p>Please can the Leader of the Council confirm that this Council will not enter into any transaction, business relationship, commercial contract or any other financial arrangement, including the disposal of land, which directly or indirectly benefits any state, entity or organisation that is internationally recognised for engaging in genocide, torture or human rights atrocities, such as China in its treatment of the Uighurs or Myanmar in its treatment of the Rohingya people. This list is not exclusive.</p> <p>For the avoidance of doubt, despite previous assertions to the contrary, BCEGI UK, whilst incorporated in the UK, is owned by the State of China, as is stated on its website.</p> <p>The Council has ambitious plans for the redevelopment of the Town Centre which is welcomed. Having said that, the Leader of the Council is asked to ensure that the business and financial arrangements of this Council do not ultimately result in the Council financially supporting or enabling genocide, torture and human rights atrocities. Bolton has always held its head up high. Let's not take it down a road where future generations could condemn this Council for prioritising profit over humanity.</p>

He will be aware the Chorley New Road has raised some issues and the scheme appears to have changed from the original approval by cabinet.</p> <p>The A6 has not got underway apart from the resurfacing of sections of the A6 between Over Hulton and Chequerbent although it was to have been completed October 2020.</p> <p>Can the Executive Cabinet Member provide an update to Council on both schemes, The conditions attached to the schemes by GMCA and the DfT? The implications for the council in terms of clawback? The future funding of other schemes either from the GM Mayor's fund or the DfT?</p>
15 th March, 2021 11:30 a.m.	Council Summons	Question to the Executive Cabinet Member for Highways and Transport (Councillor Haslam)	Councillor Cunningham	Train Service for Kearsley	<p>The people of Kearsley living close to the railway and NWEF compounds during the electrification of the Manchester to Preston line have endured over 5 years of disruption, mess, aggravation and damage to property and cars with no tangible benefits. The train service for Kearsley remains abysmal with only 1 train per hour meaning most Kearsley residents still have to drive or pay taxi fares to go to Trinity Street before they can catch a train. Members will have heard me stand up in the chamber and raise these issues many times, I have</p>

15 th March, 2021 11:33 a.m.	Council Summons	Question to the Executive Cabinet Member for Highways and Transport (Councillor Haslam)	Councillor Brady	577 Blackrod, Horwich, Middlebrook, Ladybridge Bolton bus service	Could the Executive Cabinet Member advise why the 577 Blackrod, Horwich, Middlebrook, Ladybridge, Bolton bus service was withdrawn from Longworth Road, Brownlow Road and Pennine Road in July 2020, what steps have been taken to reinstate the service and when the service will be running again. The service was abruptly withdrawn in July, a notice was placed on the bus stops in December 2020 stating the service was withdrawn due to parking issues yet Highways advise there was no reported disruption to refuse collections along this route.
15 th March, 2021 11:44 a.m.	Council Summons	Question to the Leader of the Council (Councillor Greenhalgh)	Councillor Silvester	Uploading Council Meetings	The Conservative administration claimed it wanted to be open and transparent however this is far from the truth. One example is the length of time it is taking to upload full Council meetings and Committee meetings to the Council's You Tube Channel. Why does it take weeks for this to occur? Does the Conservative administration not wish the public of Bolton to watch these meetings as soon as they have been recorded? Will they commit to them being uploaded within 2 days of each meeting being held,
